PRESS-RELEASE

Thiruvananthapuram, 22 September 2021

FIPRESCI-India (India chapter of the International Federation of Film Critics: FIPRESCI) is going to introduce the CRITICS WEEK in the 26th International Film Festival of Kerala (IFFK) scheduled from 10 to 17 Dec 2021.

This is the first time FIPRESCI-India is officially presenting the CRITICS WEEK in any coveted international film festival in India. A package of seven contemporary FIPRESCI International Critics Award winning feature films, preferably from Asia, Africa and Latin America, never shown earlier in Kerala, will be showcased in the CRITICS WEEK.

Initially, this will be a non-competitive event with a plan to make it competitive in near future.

With Best Regards
